DORIAN GRAY (The end of the world)

Beautiful boy, Beautiful toy, in a perfect world
Beautiful star, Beautiful scar in a perfect boy
Beautiful face, Beautiful fake, in this perfect toy
Beautiful safe, Beautiful slave of this perfect world

But did nobody tell you there won't be no hiding place?
did nobody tell you there won't be no safer face?

NOW I MEAN EACH ONE OF MY WORDS
AND I wouldn't dare believe
there's an end to its sound
AND NOW I FEEL EACH ONE OF MY WORDS
And I never wanna ear
there will be a last song
AT THE END OF THE WORLD!

Beautiful rays (of sunshine), Beautiful day (I've survived)
→ It's a new dawn
You know you will date (beautiful faith) You're never too late
(You're always) You're on time
You're a beautiful boy, but at the end of the world, they won't mind
Let go off your ego, you'll turn out a zero, if you don't try.

A Bottle To The Sea

aquarius

Winter 11

A bottle to the sea
Is sheltered inside, yeah!
And it's hanging out of reach

And it's stealing your heart
And it's stealing your dreams

This music I can't see
Are the eyes of my heart, yeah!
And it's hanging out of reach
It's hanging out of reach

And it's stealing my heart
And it's stealing my dreams
And it's stealing your life
And it's stealing your heart
And it's stealing your dreams
And it's stealing your life

A Bottle To The Sea

Unsettled Heartbeats

2009

Those unsettled Heartbeats Echoes in disarray
And those scattered memories Are fading so far away

I follow
I Stumble
You run
Sorrow
I'm hollowed
You're Gone

And it won't do any good
I guess I just misunderstood **I WAS WRONG**
I should have escaped when I could
Now it's all bleeding wounds **I'M NOT STRONG**

This broken soul has been Crying out loud
My purpose in life have been lost But not found

I follow
I Stumble
You run
Sorrow
I'm hollowed
You're Gone

And I can't keep it up
I feel like giving up

Lets Face It

Spring 11

Lets face it
you've pierced my soul!
And I'm never gonna be fine, I'm never gonna be fine again
Lets face it
I've been through it all!
And I'm not forgiving you, I'm just starting to forget about it all.

When your eyes became sadness
And I was feeling so useless
When you thought you were nothing at all!
I was dreaming of a way
I could fix you up
but the day never came and you gave us all up!
Now you're gone.

Lets face it
you weren't that strong
you could have conquered the world with your smile
but you proved us all wrong
Lets face it
I can't go on!
I couldn't keep you from breaking down
now I'm ever losing faith in the sun.

Let Me Be

Summer of 2010

Listening...to the same sad songs all over again
I'm thinking... that it won't make me feel any better
No!

Playing those same boring chords
on that old boring guitar

I cry out loud the same old words
I thought I lost between old scars

You say I'm pretty when I smile
you say I'm pretty but I don't mind
You say the sunshine I should share
I know I'm selfish but I don't care

You say I owe it all to you
You say that I will make it through
Why can't you see I just wanna be sad
It feels so good to feel so bad...

Trying to make my thoughts rhyme
until the time I realize, that I won't make me feel any better
Those things they say they make no sense
Why can't you see I stand no chance
Those lies they see, they make them blind
It's the truth I feel, they just can't find.

Every Day Is a dying Day... ^{MAY} about two weeks after the break up... 13

I'm dying with a single pillow
In a queen size bed
I'm stuck with all these demons
in my head

Is it true?... what they say
"I'm gonna feel better every day
Every day is a dying day

I'M NEVER GONNA Let Myself This close
I'M WAY TO WEAK TO CARRY UP THESE GHOSTS
I USE TO THINK THIS WORLD WAS MADE FOR ME
But Nobody could ever hold a heart so heavy

You can't just charm your way out
of a bullet...

You can't just fantasize
you will forget

Is it true?... What they say!
I'm gonna get better every day
Every day is a dying day

I miss you, us...

2009 somewhere

Falling Star left me Empty
Standing in the Rain Cold and empty
How I wish I could swallow the Sea
Standing through the pain, yeah!
Falling Star has come and go!

And I want you next to me
And I wish I could believe
This feelings so unbearable
I'm so vulnerable
And you... You Shine

Caught by the grace of danger and beauty
Lost island in the middle of the Sea
Living through the Shame, yeah!
But I'm the only one to blame
I thought I was stronger
But now I surrender!

Why want you Kill me
Why want you Save me
I wish I could dream I wish I could scream
I wish I could swim

But the shore have be swallown by the sea ..

Spring 2011

Mystery

In my head
It's all messy
And maybe
It's hiding
A mystery, A history
That I can't feel, That I can't heal

MAYBE IT WILL GO AWAY
MAYBE IT'S JUST FOR TODAY
I WILL BEND, I WILL BREAK
IT WILL END, I WILL TAKE
then it's over

In my head
It's really noisy
And maybe, and maybe, and maybe
It's fading
It's a mystery, this misery
That I feel, that I breathe, that I need

MAYBE IT'S ALL IN MY HEAD
MAYBE ALL THOSE THING SHE SAID
I CAN TAKE, I CAN LEAVE
FOR YOUR SAKE I CAN BREATHE
then it's over

Love In The Snow

Love in the snow is making us grow, just let it go
It's promise of hope, I won't let us choke, just thought you should know

And time will pass, day won't last

We'll burn in time, but we'll still shine

And the feelings we felt, will still burn in our chest

We're all we need to stay alive

We'll lose our mind, we'll break some rules

But we'll be fine, it's love that chooses

And the feelings we get that still burns in our chest

We're all we need, we'll never die

Love in the snow is learning to grow, It's not for the show
It's a feeling inside, It never lies, just thought you should know

We'll feel the blues 'cause life is cruel

We'll beat together like two soul sisters

'Cause the feelings we get, that still burns in our chest

We're all we need to stay alive

We'll feel the light, we'll win the fight

We'll burn in time, but we'll still shine

And the feelings we felt, that still burns in our chest

We're all we need, we'll never die

RACHEL

FALL
2009

I thought I could
be honest and you would
still stick around and I thought that we could
speak the truth out loud

Please don't make me believe, speaking was overrated
after all... Please don't turn your back on me,
I'm already barely hanging on!

I thought I could
show you that you should
at least be true to you but that you never would
cause you rather make me fool

Please don't make me believe, speaking was
overrated after all... You can turn your back
and leave, I'm already barely hanging on!

Those things you say
in times of disarray, they hurt...
Those things you don't
I beg, but you want
they're even worse

I thought that you would realize
that those lies that you hide behind
they make you blind...
I thought that you'd open your eyes
and you'd find that you shined...

~ the breakdown ~

What was the time, that was the time, that was the time
when I broke down.

I wanted to offer him my shoulder to cry...
but I cried on his instead

Oh what a friend! _____ could you ease my burden?

And oh! — the harder I struggle And oh! —
the harder I struggle
the deepest I sink
the fastest I fall...

What was the time, that was the time, that was the time
when I broke down again
the longer we live

the more weight we have to carry in our hearts

Oh what a bend _____ could someone ease my burden?

the further away something might be...

the better I feel I can see!

but once it gets closer I lose sight of everything
and I can't dream of a single ray of hope!

Leaves

All the leaves are dying,
All the leaves are falling,
Weeping themselves to the ground
Everything is moving,
Everything is changing,
It's all turning around

And I never felt so alive
Just when I thought I'd never rise
And you will do the same
Just like leaves

Oh Spring will come again!
And you will shine
And all that darkness you will leave behind
And you will laugh again
Like before... You will sparkle even more

You feel time flowing faster
You're not getting any younger
and the weight of the mistakes you've done
is feeling heavy as a heartache

but you were not meant to break
You are right where you belong

And oh oh o...
You will laugh again

Remerciements/Thank you notes :

Je ne pourrai jamais assez remercier mes parents de m'avoir fait la personne que je suis et aussi pour leur amour infini au fil des ans. Merci à Rosemarie et Rachel, mes âmes soeurs musicales. Un merci spécial à Jacques Montmigny pour son temps et ses précieux conseils musicaux. À Raymond Beaudouin pour les guitares. À mes amis qui, dès le début, m'ont encouragée à partager mes chansons avec le monde. À Mathieu et l'équipe de La Ninkasi pour leur appui et pour m'avoir donné ma chance. Aux gens, aux artistes et aux oeuvres qui ont croisé mon chemin et m'ont fait frissonner, m'inspirant ainsi en tant qu'artiste et être humain, merci. Mes remerciements sincères à la vie, au renard, au temps, au vent, au feu et aux étoiles... Et finalement, toute ma gratitude à vous, fans ayant acheté cet album et qui participez ainsi à garder mon rêve vivant.

I can't thank my parents enough for making me who I am and for their endless love and support through the years. Thanks to my musical soulmates, Rosemarie and Rachel. To Jacques Montmigny for his precious time and musical insight. To all my friends who believed in me from the very start and pushed me to share what I have with the world. To Mathieu and his team at La Ninkasi for giving me a chance and supporting me. Thanks to those who crossed my path, to the experiences I've been through, the books I've read and the artists who made me shiver for inspiring my music and myself as a human being. From the bottom of my heart, thanks to life, a fox, time, wind, fire and... stars... Last but not least, big love to you for buying this album and keeping my dream alive.
